Best Good Workable Avoid

MONTH BY MONTH

Every month in one line

January	9/10	Peak winter sun, cool evenings and a full events calendar
February	9/10	Mild, dry and bright, the most reliable month for outdoor days
March	8/10	Warming up, still comfortable, and a busy month for big events
April	7/10	Warm sea, hot afternoons and the first falls in price
May	5/10	Hot days, warm nights and the last good beach month before summer
June	3/10	The heat arrives in full; resorts quieten and rates fall
July	2/10	Deep summer: the year's lowest rates and a fully indoor rhythm
August	2/10	The hottest, most humid month; only for indoor deals
September	4/10	Still very hot, but humidity eases late and rates stay low
October	7/10	The season restarts: warm sea, hot days and reopening venues
November	9/10	The best balance: warm days, warm sea and the season fully open
December	8/10	Perfect weather, National Day, then the year's highest prices
